EXPERIENCE

City of Boston, Boston, MA

Data Science Fellow (June 2017-Present)

Created visualizations, dashboards, presentations, and web
applications that allowed non-technically trained stakeholders to
understand, interpret, and communicate their data. Implemented
statistical techniques including clustering and regression to inform
policy issues such as eviction prevention and chronic
homelessness.

Alternative Service Breaks, Boston, MA

Coordinator, Volunteer (March 2016 – Present)

Lead and volunteered on service trips focused on affordable
housing construction in partnership with La Casa, Inc. in Goshen,
IN and Rebuilding Macon in Macon, GA.

City of Somerville, Somerville, MA

Preservation Planning Intern (January 2017-Present)

Planned awards programs, historic walks, and events aimed at
architectural preservation. Created digital and print promotional
materials for preservation-related events and managed Facebook.

Boston University Digital Libraries, Boston, MA

Digital Preservation Intern (September 2015 – December 2015)

Digitized and archived photograph and print collections. Generated
and transformed metadata to ensure accessibility of collection
content.

Boston University Orientation, Boston, MA

Student Advisor (June 2017-Present)

Supported first-year students in their transition to the University.
Facilitated team-building activities, advised class registration.

ACTIVITIES

Data-Smart Government Summit | Panelist

Spoke on a panel about evictions & homelessness analytics.

Sexual Assault Response & Prevention Center | Actor

Acted in skits at Boston University Orientation aimed at preventing
sexual violence

Global App Initiative | President, Project Lead

-Managed the development of an iOS app for Timmy Global Health
